Dear Mr. Battaglia:

The enclosed report documents the progress made during July 1990 at the CIBA-GEIGY site in Cranston, RI. This is the first of the reports required by the Administrative Order on Consent. We are enclosing nine copies (8 bound, 1 unbound) of the July Report.

Dr. James Crowley, Project Coordinator for CIBA-GEIGY Corporation, has seen copies of the report and gave verbal authorization to submit it on August 9.

Very truly yours,
